Champagne · Graphite

STRUCTURE 610

# LINEAR

---

Vertical linear pattern for modern, elegant surfaces. The LINEAR structure embodies contemporary minimalism with its clean, precise lines that create a sense of height and sophistication.

**Characteristics:**

- Vertical linear texture
- Contemporary aesthetic
- Architectural elegance
- Ideal for elevator lobbies and modern interiors

---

4 Decors Available

**Art. 22432**

## Graphite Real

A216 Linear

**Art. 11923**

**A216 Graphite Linear** · Elevator Lobby

Architectural elegance meets contemporary design in modern commercial spaces

dekodur®

STRUCTURE HM5

# WOOD

---

Fine-textured wood-metal decors with natural haptic quality. The WOOD structure combines organic warmth with metallic sophistication, creating surfaces that feel as authentic as they look.

**Characteristics:**

- Natural wood texture
- Metallic shimmer
- Tactile depth
- Ideal for residential and hospitality interiors

---

6 Decors Available

## Champagne Grain

## Graphite Wood

A216 Wood

Art. 22403

## Silver Ash

A226 Wood

Art. 22486

## Natural Oak Metal

A252 Wood

Art. 22404

## Brushed Bronze

A253 Wood

Art. 22405

# WOOD Applications

**A253 Brushed Bronze Wood** · Residential Living Room

Warm elegance and natural sophistication in contemporary residential design

STRUCTURE DIA

# DIAMANT

---

Geometric diamond pattern for sophisticated designs. The DIAMANT structure features angular precision and visual depth, creating surfaces that capture light and attention in equal measure.

**Characteristics:**

- Geometric diamond pattern
- Angular precision
- Visual depth and dimension
- Ideal for statement walls and feature surfaces

---

3 Decors Available

## Silver Diamant

A226 Diamant

**Art. 22481**

## Copper Diamant

A252 Diamant

**Art. 22174**

## Champagne Diamant

A253 Diamant

**Art. 22435**

STRUCTURE SQE

# TEXTILE

---

Structured textile pattern with tactile depth. The TEXTILE structure evokes the appearance of woven fabric, bringing sophisticated texture and visual interest to architectural surfaces.

**Characteristics:**

- Woven textile appearance
- Tactile depth and texture
- Sophisticated pattern
- Ideal for hospitality and high-end commercial spaces

---

3 Decors Available

## Silver Weave

A226 Textile

**Art. 22498**

## Copper Weave

A252 Textile

**Art. 22400**

## Champagne Weave

A253 Textile

**Art. 22401**

STRUCTURE GLA

# SMOOTH

---

Super-matte surface for purist aesthetics. The SMOOTH structure embodies minimalist perfection with its flawless, non-reflective finish that emphasizes form and material purity.

## Millfinish Steel

A226 Smooth  
**Art. 22471**

Minimalist perfection in super-matte metallic finish

SUSTAINABLE CHOICE

# ECO REACH Core

## Ultra-Low Formaldehyde Emission

The ECO REACH core variant sets new standards in environmental responsibility and indoor air quality. Certified by EPH Dresden.

- ✓ Formaldehyde emission < 0.005 ppm (DIN 16516)
- ✓ 10x better than REACH E0 standard
- ✓ EPH Dresden certified quality
- ✓ Ideal for health-conscious projects
- ✓ Schools, hospitals, residential spaces
- ✓ Available for all article numbers

DIN 16516 Certified • EPH Dresden

# DekoFireSafe® Core

## A2-s1,d0 Fire Classification

The DekoFireSafe® core variant provides superior fire protection for public spaces and high-safety requirements. Non-combustible performance.

- ✓ Fire protection class A2-s1,d0 (DIN EN 13501-1)
- ✓ Non-combustible material classification
- ✓ Low smoke production (s1)
- ✓ No flaming droplets (d0)
- ✓ Ideal for public buildings and escape routes
- ✓ Available for all article numbers

# Standard Core

Phenolic kraft paper impregnate

The Standard core variant represents decades of proven HPL technology and reliability.

Phenolic kraft paper impregnate construction delivers consistent quality and performance across all applications, with complete article number availability.

A216 Graphite Linear · Commercial Elevator Hall

This image is a composite of two photographs. The left side shows the interior of an elevator car with dark, vertically ribbed walls and a polished floor. The right side shows the exterior of an elevator hall with similar dark, vertically ribbed walls. A small, rectangular control panel with two buttons is mounted on the wall in the center. The overall aesthetic is modern and minimalist.

A216 Graphite Linear · Elevator Interior
